

4 April 2019

Dear Parents / Carers

Relationships and Sex Education

I am writing to inform you that next term we are running a Relationships and Sex Education course for all students in Middle and Upper School.

Students in Penguin Cluster will be introduced to the NSPCC 'Stay safe Speak out' programme.

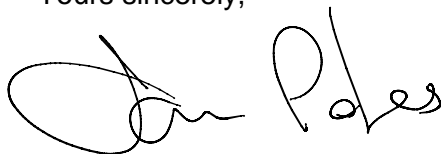

As a school we have a statutory responsibility to provide Relationships and Sex Education that is appropriate to the age and understanding of our students. In addition, we are aware that many of our parents state that talking about such issues with their children can be challenging for them, and we wish to support you in doing so.

We have prepared a series of lessons which we hope will help our students develop appropriate knowledge, understanding and attitudes in the areas of relationships and sex. We aim to ensure that the content of the course delivered to your child is appropriate to both their needs and age.

All children will learn about the physical and emotional changes that occur during adolescence as well as the different types of relationships that exist.

If you have any questions, wish to withdraw your child from the sex education aspects of the program, or would like a copy of our currently proposed RSE Policy, please feel free to contact the school.

Yours sincerely,

Ian Peters
Deputy Headteacher
