

28 September 2023

Dear Parents and Carers

We have recently shared with the students the exciting news that the Secondary Link will soon be moving to a new home in Maidenhead. We have been offered a site for The Secondary Link and our new College-Link provision in Chiltern Road. The building is currently undergoing a full refurbishment which is due to be completed very soon and we are hoping that we will be able to move soon after the October half term.

The new site provides us with a lot more space and an open environment, which will better suit the needs of our students. Whilst we will be based there five days a week, we will still be able to access some of the facilities at Manor Green, such as the Food Tech and DT rooms, so we will maintain our close connections to The Primary Link and Manor Green School. Our specialist teachers and counsellors will also continue to support the students at the new site.

We hope to arrange visits for the students as soon as the work is complete so we can start their transition. We will arrange an opportunity for you to come along and see the site also.

The aim will be for existing transport arrangements to be transferred to the new site and we will be leading on ensuring there is a seamless transition as soon as the date for the move has been agreed.

If you have any questions at this stage please do not hesitate to contact me, but I will be in touch as soon as we have confirmed dates and arrangements.

Yours sincerely

Joolz Scarlett
Headteacher
