The staff were amazing

Thank you!!! This has made the summer holidays significantly easier and the kids have had a great time mixing with new friends too.

It was nice to attend a group when you don't feel your child is being judged because there is a disability and your child is happy, safe and free to explore and make friends

Staff were lovely - children loved it.

I think it is wonderful that you are making this happen for children

Thank you so much, it meant the children did things they could not have done without FUEL. I am so grateful

The fuel programme has been amazing, we would of spent majority of our time at home isolated with little activities to do. One of my children has special needs and I believe this will make a huge impact on the return to school

My kids were happy attending the club they loved the activities and staff. The kids said we stayed active with loads fun and made new friends

this opportunity was a godsend the summer holidays very safe and secure environment so parents feel safe in knowing the children cared for

It's been a blessing having this program. My kids have absolutely loved it and I can't speak more highly of this program.

Just wanna say what an amazing welcome my son got when he arrived he normally a nervous child but him seeing all the smiling faces off the staff he went straight in and enjoyed everything and even come out saying mum when can I go again

Best wishes,

Jean, Chris, Lisa & Millie
