

2 February 2023

Dear Parents/Carers

This year your child has been working on an enterprise project in Design Technology and I am delighted to report that we have made a significant profit from the sale of the garden planters we have been making.

Most of the revenue will go back into school funds, however, we have allocated some of the money to reward students with a 'Pizza Party' lunch event on Wednesday 8 February at 12pm.

If your child normally has a school dinner, please do not order one for this day. Alternatively if they have a packed lunch they do not need to bring one in.

Please let us know if your child has any food allergies or intolerances. There will be a choice of vegetarian or meat options.

Yours faithfully

Robert Warman
D.T. Teacher
