

### **WHAT MATTERS MOST?**

**We value the support that the NHS and social care services provide, but they need to hear from the people who use their services about how they can be improved.**

**To help us gather information on your views of health and social care services we have created a short survey, "What Matters Most." The Survey closes on 30<sup>th</sup> April.**

You can complete the survey online by following the link below.

### **ACCESSIBLE INFORMATION – DO YOU GET THE INFORMATION YOU NEED?**

**In 2016 the Accessible Information Standard was introduced. It was created to give disabled people the legal right to get information from the NHS and local adult social care in a format they choose.**

**Healthwatch Windsor, Ascot and Maidenhead are doing a survey to see if the Accessible Information standard is working as it should be for people who live in Windsor, Ascot and Maidenhead.**
