

November 2024

Dear Parents and Carers

Swimming is beneficial to our students, on the occasion that accidents happen it will result in closure of the pool and costly to rectify.

The cost of chlorine has doubled in the last year and this money could be better spent in improving the learning environment for our students.

To prevent unnecessary pool closures we are introducing a double nappy system for those students who require the use of a nappy or toileting pad.

**A double nappy system is:**

- 1. Disposable or Reusable Swim Nappy (must fit well).**
- 2. Snug fitting Neoprene Nappy over the top (must fit snugly around tummy and legs).**

When you are choosing sizes, please make sure you buy the right size and not a larger one so they can grow into it! The waist band should sit over the belly button and not slide down. Some swimwear has built in swim nappies that are designed to help contain accidents in the water. A double nappy system still needs to be worn to reduce the risk of contaminating our pool.

Thank you so much for your understanding and helping us to keep our swimming lessons running smoothly and safely.

Here are some suggested places you can buy these from:

- [www.funswimshop.co.uk](http://www.funswimshop.co.uk)
- [www.splashabout.com](http://www.splashabout.com)
- [www.fledglings.org.uk](http://www.fledglings.org.uk)
- [www.mailsports.co.uk](http://www.mailsports.co.uk)
- Amazon

Kind regards
